We bring you 3d

I know I've always been down

No matter who else was around

Those crazy things we've been through

Will always make me love you

Chorus:

I'll never let you forget me

You know I'm the best girl you've ever seen

Just when you think you'll never see me

I will be

I can bring it to you in 3d

Chorus

There's more than one side of me

There's more than one place to see

You made my dreams come true

Nothing could replace you

Chorus

Chorus

Oooh baby yeah baby

I said oooh baby yeah baby

I said oooh baby yeah baby

I said oooh baby yeah baby

Shake 'em up shake 'em up shake 'em out

Shake 'em up shake 'em up shake 'em out

One time for your mind
