

Toby Keith, Cabo San Lucas

Girl the last time you saw me I wasn't this cool
And i'm hangin' out in mexico down by the pool
In cabo, cabo san lucas
If I send you a ticket would you fly in?
I'd sure like to see you we could hook up again
In cabo, cabo san lucas

[Chorus]

I know it sounds crazy, but I bought a guitar
And i'm singing my songs downtown in a bar
You can come with a friend, you can come by yourself
You can sleep here with me, I ain't got nobody else

In cabo, cabo san lucas

Well the baja gets hot this time of year
And except for the fisherman, they all disappear

In cabo, cabo san lucas

Pacifico is great, tequila is too

I got it all goin, but I ain't got you

In cabo, cabo san lucas

[Repeat Chorus]

I'll show you the stars and the moon on the sea of cortez

And the beach at san juan as the sun's sinking down in the west

I'm leavin' you this message, and if you give a damn

And you wanna call me you know where I am in cabo, cabosan lucas

Way down in mexico

Way down in cabo
