

# Todd Agnew, Shepherd

Shepherd, your sheep are weary  
Cold and tired, battered and burised and torn  
Shepherd, your sheep are hungry  
We got what we want but we still need something more

Chorus:  
We need to hear your voice  
Whatever You might say  
We just need to hear your voice  
Show us the way

Shepherd, your sheep are lost  
We chased our wants that we thought were needs  
Now we can't get home  
Shepherd, your sheep are longing  
We ate and we ran, we played and we danced, but we're empty

(Chorus) x2

Shepherd, these sheep are Yours  
We tried to be king, but we don't want to anymore
