

Todd Agnew, Shepherd

Shepherd, your sheep are weary
Cold and tired, battered and burised and torn
Shepherd, your sheep are hungry
We got what we want but we still need something more

Chorus:
We need to hear your voice
Whatever You might say
We just need to hear your voice
Show us the way

Shepherd, your sheep are lost
We chased our wants that we thought were needs
Now we can't get home
Shepherd, your sheep are longing
We ate and we ran, we played and we danced, but we're empty

(Chorus) x2

Shepherd, these sheep are Yours
We tried to be king, but we don't want to anymore
