

Tom Waits, Nobody

Nobody, Nobody
Will ever love you
The way I could love you
Cause nobody, nobody is that strong
Love is bitter sweet
And life's treasures deep
But no one can keep
A love that's gone wrong

Nobody, Nobody
Will ever love you
The way I could love you
Cause nobody, nobody's that strong
Cause nobody's that strong

Nobody, Nobody
Will ever love you
The way I could love you
Cause nobody, nobody's that strong
You've had many lovers
You'll have many others
But they'll only just break
Your poor heart in two

Nobody, Nobody
Will ever love you
The way I could love you
Cause nobody, nobody's that strong
Cause nobody's that strong
