

# Tom Walker, Wait for You

I am just prayin' you can figure this out  
And when there's nothing left  
You know i'll still be around  
And if all of this is dragging you under  
I'll remind you of the world and its Wonder  
I am just prayin' we can figure this out

These better dreams  
They seem to last  
And even through it's in the past

I know it's hard for you to talk  
Bail your soul and open up  
I will wait for you  
I will wait for you  
Can't pretend to understand  
I'll be here to hold your hand  
I will wait for you  
I will wait for you

I can't imagine everything you've been through  
You've taken the bad Times and made 'em good  
Cause when everything is dragging me under  
You'll remind me of the world and its Wonder  
And I am just glad that we have figured this out

These better dreams  
They seem to last  
And even through it's in the past

I know it's hard for you to talk  
Bail your soul and open up  
I will wait for you  
I will wait for you  
Can't pretend to understand  
I'll be here to hold your hand  
I will wait for you  
I will wait for you
