Toni Braxton, Christmas In Jamaica (Remix)

Chorus:
We'll be having fun
Under golden sun
Christmas in Jamaica here we come...
We'll just sail on, just sail...

Lovers frolickin' Playin' in the sand Got my Coppertone Getting on my tan

Exotic setting for a Lady and her man A perfect little holiday Sounds like a plan

We can stay in bed all afternoon
We can make out to some cool Reggae tunes
We can sail under the light of the moon
Wish we could freeze this moment
then it wouldn't end so soon....

Chorus

Unplug the phones, y'all Don't need no calls No callin' home Take a break from it all...

'Cause we both grown And we can do whatever, see? Baby, it's just you and me Let's live out a fantasy

Hiking in the mountains, romantic rendezvous Bathing in the fountains, stop-let me look at you Just in case you're doubtin', let me paint a view Picture you in heaven, everything is true

Chorus
