

Toni Braxton, I Love Me Some Him

I love me some him
I'll never love this way again
i love me some you
Another man will never do
(Repeat)
All those days and lonely nights
Have all gone away
I never thought the day would come
When we'd be more than friends
You made me smile when I was down
You turn my world around
The way you give me love feels so right
You took the ease off my mind
And put it behind
You were there for all my needs
So baby--stay
I love me some him
I'll never love this way again
I love me some you
Another man will never do
(Repeat)
Just like a dream come true
i wished for you
I have never been so happy 'bout a love so new
You opened my heart to a brand new start
My love's there wherever you are
I won't let no one take you away
You took the ease off my mind
And put it behind
You were there yes indeed for all my needs--yes
I love me some him
I'll never love this way again
I love me some you
Another man will never do
'Cause you came along
And changed my life
Told me things would be all right
And they were thanks to you
And now I have the strength to carry on
In my heart you have a home
And I never want to be alone
I love me...
I love me some him
I'll never love this way again
I love me some you
Another man will never do
(Repeat)
