

# Toni Braxton, Long As I Live

Everybody's talking about you and her together  
How could you do that to me?  
And everybody's talking about all the wonderful things you do with her  
Like you used to with me

can't you tell by the look on my face  
I still like you that way  
no I can hardly remember why we ever lost ties  
but I can tell  
that I love you  
and o still love you

long as I live  
I'll never get over  
it's killing me  
I'll never get over

If you can be the one you really, truly love  
do the two step  
everybody's talking about you and her together  
How could you do that to me?  
And everybody's talking about all the wonderful things you do with her  
Like you used to with me

I can tell by the look on my face  
I still like you that way  
no I can hardly remember why we ever lost ties  
but I can tell  
that I love you  
and o still love you

long as I live  
I'll never get over  
it's killing me  
I'll never get over

if you can't be with one you love  
it's ok.  
cause if you can't be with the one you really, truly love  
do a two step

long as I live  
I'll never get over  
it's killing me
