

# Tony Vincent, Hey World

Lookin' out - each moment is critical  
and every life - politically placed  
so what's this cloud - we've all been under lately  
i'm sure it's something we can live without

Hey world - i've got something you can't top  
hey world - it's a love too great to stop  
hey world - isn't it time that you wake up  
you've been spinning in the dark for too long

How can you move - with so much upon your shoulders  
how do you see - when blindness is your view  
sometimes i long - to wrap myself around you  
with all the 'let me downs' don't you give up

Hey world - keep on giving peace a chance  
hey world - don'e you give up on romance  
hey world - what's that rainbow 'round your heart  
and who's that dancing in the dark all alone

Na na na na, na na na, na na na na  
hey, world, hey world, hey world,  
na na na na, na na na, na na na na  
hey world, hey world, hey world

(solo)

Listen up - if we all can stop the hurting  
it soon would come - the healing you desire  
let the seeds of trust - outgrow the ridicule  
only good can come to you and i

Hey world - i've got something you can't top  
hey world - it's a love too great to stop  
hey world - isn't it time that you wake up  
you've been spinning in the dark for too long  
hey world - just forget your wars and crime  
hey world - go and get a life, it's time  
hey world - what's that rainbow 'round your heart  
and who's that dancing in the dark all alone

Na na na na, na na na, na na na na  
hey, world, hey world, hey world  
na na na na, na na na, na na na na  
hey world, hey world, hey world.
