I'm so tired of you niggas
you and all your bitches that be lying on your pictures
I'ma take a jet and fly my niggas
somewhere so big I can't find my niggas
and I'm trying my niggas
but you making it hard to be around y'all niggas
and this is why I only be around my niggas
come around I gotta look you up and down my niggas

I can't be around you fuck niggas that just ain't me
had to check myself ahh
I'm the same me
and I bust it like the clip when it's off safety
don't make me
and tem fucky-boy hatin' niggas tryna replace me
cause I give them boys the blues like I'm a Grape Street G
and I don't got no Gucci on me
but I just stag GG

and when i pop up
and hop to the mall I spend like 18 G's or nothing
she ride me like a ATV
I keep her Dolce-Gabbana'd up so she can stay DG'd
and I swear that batty so big that I can't stay PG
but I stay all up on your block like the state PD
y'pu know I cross my is and dot my T's
and I just hang with the same niggas form all my team
when I come up I promise we gonna ball together

cus when we came up form nothing
we was all together
I'm talking all together
we was all together
when we came up form nothing
we was all together
when we all together
we was all together
when we came up form nothing
we was all together, YEA!
