

Tory Lanez, Who Needs Love

who needs lov e?
yeah, who needs love?

big pointers all in my bezel
call it my bestie
I spent a hundred and thou' and all countin'

money make me hoapy every time I count it
who needs love
when I come around flexin?
I don't need no lovin' from any one of my exes
I don't need no stressin'
phone call, textin'
don't kiss me
bitch, kiss my neckless

who needs lov e?
yeah, who needs love?
