

# Toto, A Thousand Years

Day after day  
I feel myself slowing down  
What does it mean?  
The air has changed  
It's getting harder to breath  
Or so it would seem  
Sail me away to a distant shore  
Where everything's fine

A thousand years  
Lost in the blink of an eye  
If the sky keeps fallin'  
The world will come tumblin' down  
In a thousand years

Tell me my friend  
Can you imagine a place  
Free of boundaries and lies  
There's blood on the wind  
And it's come all of the way from faraway skies  
Take me away to a different world  
Where everything's fine

A thousand years  
Lost in the blink of an eye  
If the sky keeps fallin'  
The world will come tumblin' down  
In a thousand years

A thousand years  
One day for every life  
Just keep on going  
We'll find you a home underground  
In a thousand years

[Instrumental break]

Sail me away to a distant shore  
Where everything's fine

A thousand years  
Lost in the blink of an eye  
If the sky keeps fallin'  
The world will come tumblin' down  
In a thousand years

A thousand years  
One day for every life  
Just keep on going  
We'll find you a home underground  
In a thousand years

(Sail me away to a distant shore  
where everything's fine)
