

# Tracey Thorn, Raise The Roof

What you do  
Raise the roof  
Everybody  
Wants you to

And you do it with (3x)

And you do it with. . .love

When you do  
That thing you do  
Love comes through  
You raise the roof

Put the music on (3x)

They all wanna dance

Can do anything  
If you dare  
Don't mean a thing  
Unless you care

And you do it with (3x)

And you do it with. . .love

All those years I wasted  
Sitting on my own  
Think what I could have tasted  
If I'd only known

Why did I wait (2x)

Don't tell me it's too late

Why did I wait

Don't tell me it's too late

So open up  
Before you start  
Open hand  
Open heart

Bring it on (3x)

Bring it on. . .home (3x)

Why did I wait (2x)

Don't tell me it's too late (5x)
