

# Tragically Hip, Scared

I can make you scared if I want me to  
I'm not prepared, but if I have to  
He said I can make you scared  
It's kinda what I do  
If you are prepared to  
Here is what I propose to do  
Your in Russia  
And more than a million works of art  
Are whisked out to the woods  
When the Nazis find the whole place dark  
They'd think god's  
Left the museum for good  
I make you scared, if that's what I do  
If you're prepared , if I have to  
If I make you scared and you pay me to  
If that's the deal  
Now here's what I can do for you  
Now there's a focus group that can prove  
This is all nothing but cold calculations  
Tests have shown that suspicious or hostile  
Their lives need not be shortened  
Truth be told  
They can live a long, long while  
Tickled to death by their importance  
If you make me scared  
If that's what you do  
If I'm unclear can I get out of this thing  
With me and you  
If you feel scared or a bit confused  
I gotta say This sounds a little beyond anything I am used to  
Now there a precious few  
That can prove at the root  
This is all nothing but cold calculations  
Clearly entranced you're leaning back now  
Defanged destroyer limps into the bay  
Down at the beach it's attracting quite a crowd  
As kids wade through blood out to it and play  
OK you make me scared you did what you set out to do  
I'm not prepared , you really had me going there for a minute or two  
He said, you make me scared too,  
I wasn't sure I was getting through  
I gotta go, it's been a pleasure doing business with you.
