

Travis Scott, SKELETONS (feat. The Weeknd, Pharrell Williams)

Yeah, yeah, yeah (Yeah), ooh
Feels like slow motion, we're floating at the speed (Yeah)
(Yeah, yeah)
Louder (Louder)
Higher, higher, higher, higher, higher {Uhh, yeah}

It's like standing in the ocean

[Travis Scott & The Weeknd (Pharrell Williams):]
We just rocked Coachella, I gave her half of the check
It was good sex, honorable mention to the neck
(Just let this wash on me)
Didn't pass the loud, that was out of respect
Afterwards, pass the towel, I was out of Kleenex
If you take your girl out, do you expect sex?
If she take her titties out, do you expect checks?
First visit, I gave her a pearl necklace
(Just let this wash on me)
Next visit, I'ma need your girl naked
Took a church visit, you know, 'cause the world hectic

Like floating, if I can't be in time
I don't know, I don't know (Wash on me, wash on me, yeah)
In the ocean, if I can't be loved
I don't know a sound
That's right

Standing in the ocean (Standing in the ocean)
Just let this wash on me {Ooh}
Bad memories like waves
Echoing {Echoing}, echoing
Standing in the ocean
(Oh, baby)
Standing in the ocean
Feels like slow motion, we're floating at the speed
