

# Treaty Oak Revival, Stop & Stare

I'm drowning in a river full of rye  
Hanging out with the devil on a Friday night  
Oh and she ain't ever been a friend of mine  
Since I left town  
It's getting hard to sleep in that old bed  
I'll never forget and a damn word you said  
You said it's over we're done we're finished go on and get out

I'll get out  
And my heartbeat's sounding like rain on the rooftops  
Dancing with a slut in a red and black tube top  
Go for a ride and baby it won't stop there  
And I'm heading for the coast underneath the moonlight  
Asphalts glowing underneath the street lights  
Thinking bout your big green eyes and your jet black hair  
Lord as I stop and stare  
Lord as I stop and stare

You were something I loved for what it's worth  
She cussed a lot  
Was never fond of church  
She was a wicked woman who had it out for me  
Still getting hard to sleep in that old bed  
My eyes are black and they're bloodshot red  
And when I think of you I find it hard to sleep

And my heartbeat's sounding like rain on the rooftops  
Dancing with a slut in a red and black tube top  
Go for a ride and baby it won't stop there  
And I'm heading for the coast underneath the moonlight  
Asphalts glowing underneath the street lights  
Thinking bout your big green eyes and your jet black hair  
As I stop and stare  
Oh Lord as I stop and stare

And I'm running by moonlight  
I'll be gone by sunrise  
She's hot on my tail  
And I'm running by moonlight  
I'll be gone by sunrise  
Lord I need some help  
Yeah as I stop and stare  
Oh Lord as I stop and stare
