

# Treaty Oak Revival, Wrong Place Wrong Time

It's been a damn hard week  
Tryna walk a straight line  
But I'll still find a way  
To fuck up everything  
In record time  
I had my share of bad luck  
Better than none at all  
But I still don't take the time to read the writing on the wall

And I can't win for losing playing this game  
Can't run from my past or my last name  
It's hard to find trouble  
When the trouble finds me  
Wrong place and wrong time's where I might be tonight

Hitting hard on the bottle  
Still chasing them lines  
Seems like the only damn way  
To keep myself straight  
Is doing hard time  
Living life in the fast lane  
Can't seem to get away  
Well this stepped on coke  
And Montego smokes  
Have been my friend the past ten days

And I can't win for losing playing this game  
Can't run from my past or my last name  
It's hard to find trouble  
When the trouble finds me  
Wrong place and wrong time's where I might be  
Wrong place and wrong time's where I might be tonight

Why don't you take some time  
So you can feel bad for me  
Feel bad for me  
I wish you'd take some time  
So you can feel bad for me

And I can't win for losing playing this game  
Can't run from my past or my last name  
It's hard to find trouble  
When the trouble finds me  
Wrong place and wrong time's where I I I  
And I can't win for losing playing this game  
Can't run from my past or my last name  
It's hard to find trouble  
When the trouble finds me  
Wrong place and wrong time's where I might be  
Wrong place and wrong time's where I might be  
Wrong place and wrong time's where I might be tonight
