

Trees, Deadline

I've got to get things done
before my permanent vacation
I'm always running
running out of time
Is it true that haste makes waste
I can't afford to hesitate
I've got a Deadline on my Lifetime
Tick tock goes the clock
and its never ever gonna stop
Until it falls off the wall
and we all fall to a crawl
Is it true that haste makes waste
I can't afford to hesitate
I've got a Deadline on my Lifetime
A body in motion stays in motion
a body at rest will stay at rest
No matter how severe
I'm gonna persevere
I'm always running in a circle, within myself
If its true that haste makes waste
I can't afford to hesitate
Deadline
A body in motion stays in motion
a body at rest will stay at rest
A body in motion...
