

Tricky, Contradictive

Tricky :

Look who do I have to have and why

A city's child

Real mode- you have to talk about it

An old pro- still we're 'bout it, 'bout it

Don't frown about it

It's best you keep quiet

You could never lead a riot

Money don't make you a leader

A leader usually reads

Go read a book

He shaked then he shook

"I need that crack, I need that crack"

You're swingin' the pipe

Do what you like

Goin' "doom doom"

Reflect on the room

Reflect on your life

Go stab yourself with a knife

Bob Khaleel :

Reflect on your life

Time isn't real

How much time

Can you kill?

Reflect on your life

Time isn't real

How much time

Can you kill?

Tricky:

Vengeance isn't mine

It taught to hate from time

Time isn't real

How much time can you kill?

Luca Brazzi

He sleeps with the fishes

Fuck sugar and spice

And girls with deadly kisses

Purr like a cat

Raising towers

I go over her house

For the most

I got diamonds on suits

A girl's erased diamonds with new shoes

Remember Hollywood

You could finally make deals

Screamin', "Nigger you can get these!"

Stereotypical

Almost mythical

Like Mickey Mouse

I'll blow down your house

Blow up your whole image

Hardcore musicians with image

Bob Khaleel :

Love

Tricky :

You're silver screen

You're a hardcore lovin' machine

You play hardcore with me

And sooner or later we'll see

Bob Khaleel :

Reflect on your life

Time isn't real

How much time

Can you kill?

Reflect on your life
Time isn't real
How much time
Can you kill?
Reflect on your life
Time isn't real
How much time
Can you kill?
Reflect on your life
Time isn't real
How much time
Can you kill?
Reflect on your life
Time isn't real
How much time
Can you kill?
