

# Tricky, Daydreaming

Tricky/B.Davis/R. Walters

My defenses

Become fences

Now I'm stumblin'

I change my faces

And if you think I'm fake-up

Wait around til I take off my makeup

Here we go again

I meet another one

Her name is...

She looks at me, says I'm the only one

(Chorus)

I met a Christian in Christiansands

A devil in Helsinki

I met a Christian in Christiansands

A devil in Helsinki

Is it getting better?

Wrote her a letter

Asking questions

Baby steps in sections

I mean we'll take it slow

I really don't know

When you talk, you make me cringe

Silver means the messenger

Let her go, don't question her

(Chorus)

You and me

What does that mean?

Always

What does that mean?

Forever

What does that mean?

It means we'll manage

I'll master your language

And in the meantime, I create my own

By my own

You and me

What does that mean?

Always

What does that mean?

Forever

What does that mean?

It means we'll manage

I'll master your language

And in the meantime, I create my own
