Tricky, Enjoy

I wish: I want to stay here I wish: this be enough I wish: I only love you I wish: simplicity

Look at the speed out there It magnetizes me to it And I have no fear I'm only into this to

Enjoy

I wish I'd only look And didn't have to touch I wish I'd only smell this And didn't have to taste

How can I ignore? This is sex without touching I'm going to explore I'm only into this to

Enjoy
