

# Tricky, Five Man Army

( Massive attack )

(vowles, del naja, marshall, thaws, norfolk, locke)

3D

Sitting in my day care, yard is decopainted.

Blessed by the drink

Upon the corner ???

Chased by the planet

Haunted by the medium

Too high to flow toward to break the tedium

Glow from my tv set is blue like neon

Activated the remote I put the BBC on

I've seen this city somewhere

I'm looking out for no-one

Pallor in my eye it get blue like neon

Tricky

Hell is round the corner where i shelter

Isms and schisms we're living helter skelter

If you believe i deceive then common sense says shall you receive

Let me take you down the corridors of my life

And when you walk, do you walk to your preference

No need to answer till i take further evidence

I seem to need reference to get residence

A reference to your preference to say i'm a good neighbour

I trudge so judge me for my labour

I walk in a bar and immediately sense danger

You look at me, girl, as if i was some kind of a

A total stranger

3D

Hysterical, ecstatical ???

Have to get a drink, i go to relax

Upon phono, no go zone i go through

Aching away just to relocate you

Kill us with your fist

Now baby mix it with me

You see me function better when i get approximately

High by my technical flyby

I function better with the sun in my eyes

So goodbye

Tricky

Take a second of me you beckon i'll be

And when you're sad i'll mourn

And when you tear i'm torn

Take a second of me (x2)

I stand firm for our soil

Lick a rock on foil

So reduce me, seduce me

Dress me up in stussy

Show me and i'll stick em

Will you be my victim

Take a second of me

3D

Mad over you, mad over me, an analogy

Baby taking up up all of my stationary

Sitting in my daycare, mediocre painted

Colliding with the jam

Until the drink got dated

Window when they go when they go boom

??? of my room

No sense you can trust me

Climb on my sofa

Roll in a daydream

Spliff make daddy go sleep-a-trip dream
