

# Tricky, Hot Like A Sauna (Metal Mix)

Tricky:

Round the corner  
Turn the corner, turn

Hell is round the corner  
Hot like a sauna  
I know I hurt her  
When I tell her that I want her  
And with this drama  
I act like jeffrey dahmer  
I beat her then I eat her  
Nigga's sweet, there's no one sweeter  
I think I lost my tweeter  
To your pussycats  
Do you call your pistols 'gats'?

Don't sleep her love away  
Don't let her run away  
Don't sleep her love away  
Don't let her...

Dream and I'm seein' it  
Harmed a girl like Monica  
Everyday be like Hanukkah  
And change my mind again  
Hide off like to find a friend  
I call her "enemy"  
She says I act like there's ten of me  
A sketch for their clone  
A dog without a home  
But you want more when I was on tour  
Told her "you should write a lot"  
Now look how much time you got  
Told you, "shouldn't run alot"  
Now look how much time you got

Mad dog:

Take life on the streets- your own  
Made by Grease beats- pure dog  
Running with the renegades of NY  
Street Dog speak the true talk  
Wanna talk about crime?  
Yeah right!  
Stick ups- get in mind to realize  
Alright  
Run the airtime  
Fuck the police it's startin' to get hyped  
Niggas gettin' paranoid and void  
Then imply Tetth's a bad boy  
Just gonna rap about kids that can't cope  
Dogs get mad when niggas stand broke  
With a phat rope, yo, what a joke!  
Shit, I had coke and fifty pound notes  
Puffed it for those niggas I know  
Far as I know you're a freak if I bone  
Like I go  
Trix and Milo  
I roll with niggas with big machines  
Blank sreens, video scenes  
Blue, black and green  
Niggas with wigs scared the scam clean  
And get the cream- know what I mean?  
Diggin' the scene with the gasoline  
With enough magazines

Them nine to fives, big executives who ride the clock  
There'll be no crime from nine to five  
There be no crime for none of us  
Livin' to find those kinds of drugs  
With no undercovers  
Those motherfuckers can't flop dogs  
In any form, this rough cough's quick  
I'm sick  
Going where the Jungle is clicking  
In England the trans-Atlantic  
In Harlem where demands don't quit

Kioka:  
Levitating and useless debating  
In these dvastating times

Tricky:  
Don't let her run away

Kioka:  
While everybody's just doing drugs  
And writing melodic rhymes

Tricky:  
Don't sleep her love away

Kioka:  
Trying to get one  
And not get into trouble  
I might just be inclined

Tricky:  
Don't let her run away

Kioka:  
We all got needs  
We all do dirty deeds  
Now and then wanna smoke some weed

Tricky:  
Don't sleep her love away

Kioka:  
Yeah we're free  
Yes we need to be free  
Walkin' round with unsatisfying needs

Tricky:  
Don't let her run away

Kioka:  
Yeah we're free  
Yes we need to be free  
Walkin' round with unsatisfying needs

Tricky:  
Don't sleep her love away

Mad dog:  
Come with a bang bang  
It's a hangman gettin' my prayer  
My hands can slang bang actors  
That have the will to gang slang  
That's the type of nigga that can't say  
&quot;You don't go and forget the down times

And the walk while I was with the bad man&quot;  
Many to fly right?  
Masterplan  
Miracle flight like Pan-Am  
Man, damn!  
Sure as the echo  
'Fore that gonna pump the petrol  
Niggas with escorts hide in the get-go  
Now lay it in the ghetto  
Yeah y'all  
I could find life in a Paris metro  
While I'm walkin' around slammin' ghettos  
In the real  
Know the rapper with the black girls  
Deliverin' travels with the Maxwells  
Gettin' paid off girls  
Rockwells, high L's  
Well as drop sales with Stockwell  
Street Dog with a molotov cocktail  
No no can't stop flowin' no  
Gettin' paid off girls  
Rockwells, high L's  
Well as drop sales with Stockwell  
Street Dog with a molotov cocktail  
No no can't stop flowin' no
