

Tricky, I Sing For You

(From the Hollywood show 1/25/97, long version of Vent with other lyrics)

And i don't wanna say "Jew";

Cos I've a [poor piece of paper]

But i think i can say what i want

Cos i am what i am

Cos i am what i am

I can say anything

I don't need to write chorus and verses

Making some cash

Making some purses

And I'll make money

For the money

To go on

Make some money

Make some guns

Make some bombs

Make some guns

Make some bombs

You know how we like it

You know how we [zoo]

You know how we like it

It's like, uhm, I make a money

For the money

For the money

To go on and make some money

Make some guns

Make some bombs

You know how we like it

You know how we [zoo]

I'll make a money

For the money

For the money

To go on and make some money

Make some guns

Make some bombs

You know how we like it

You know how we [zoo]

You know how we like it

You know how we [zoo]

I don't sell records

I sell guns

I sell guns

For the funds

I don't sell records

I sell guns

I sell guns

For the funds

I don't sell records

I sell guns

I sell guns

For the funds

It's a corporate company is

Keepin' us company

I do as they say

And i stay alive

[Help me] survive

[The pure ghetto of the beasts]

They're sacred and obese

They go to mexico

It's like, uhm, I'm making money

For the money

To go on and make some money

Make some guns

Make some bombs
Make some guns
Make some bombs
You know how we like it
You know how we [zoo]
I'm makin'
Money for you
So you can kill a jew
So you can kill a asian
So you can kill my radio station
So you can kill a energy
And kill my enemy
And kill a energy
And kill my enemy
I'm makin'money for you
So you can kill a jew
So you can kill a asian
Kill my radio station
Yo kill my energy
And kill my enemy
And kill a asian

For the money
To go on make some money
Make some guns

You know how we [zoo]
You know how we like it
