Ya fool boy think say more
A comearound yo!
Let's take the downtown
Me have me gone in a me yard
A me guard so if a boy want
Me seen of a the scene
And come back without a clue
Take me feel afraid
Me pop off and ease off
To me want the marathon crew

Ambersunshower:
When love is lost
All I hear are gunshots over me
When love is drawn
It soaks and floats all over me
All over me

Over me
Over me
Hawkman:
When you think a one or two
Do and ya
They ready to kill them couldn't cross the border
Shot a lick them right middle left to center
Like sunshine they shot them over and over
The make sure them dead their body in a corner
Blood run down like some stagnant water

Ambersunshower:
When lonely
It gives and gives all over me
When love is strong
It goes on and on
All over me

Over me
Over me
Hawkman:
Will ever since then they get me blood warm
I never come so I'd wish I wasn't born
Another punk guys ring the alarm
Now what's left is CPR but he already gone

Ambersunshower:
When love is lost
All I hear are gunshots over me
When love is drawn
It soaks and floats all over me
Over me
Over me
