

Tricky, Pumpkin

pumpkin
you're hollow kid
more how i'm to do
let the heart give us some
set the word seeds
like flowers they
shine out when
i find what will make you
love me
life is our find
hollow is he
(Tricky section)
So hollow
don't back
over someone who
(?)
follow thee
how, how i feel
(Tricky section)
So hollow
how i
go on
(Tricky section)
I can't breathe and I can't see
MTV moves too fast, I refuse to understand
You go your way and I'll see mine
Feels like wasted time
And it feels like I must be blind
How'd you like yourself, you don't know yourself
I smell of she and I fail to be
Well, anyway.. Well, anyway.. Well, anyway..
I can't breathe and I can't see
I can't see and I can't breathe
