

Tricky, Search, Search, Survive

Tricky:

Search search survive

Say you're lucky alive

You could be Aalyah

The grass is usually greener

Life is usually meaner

I'm like Ike I die for

I'd rather be released

Than controlled by the beast

It's not my fault

You're not a writer

Emotional exciter

You're not a writer

You're nobody

I do this for a hobby

The editor of Face

Well edit this place

Exit without trace

After we edit your face

You know I come in peace

Until the tension is released

You know I come in peace

Until the tension is released
