

# Tricky, She said

Tricky:

She said, she said, she said, she said  
She said she could tempt me  
Both in rooms full or empty  
She said, she said  
Even might turn out the lights  
She said, she said  
Pretend to know me- then show me  
She said, she said  
She was a missed good night, I  
Wanted to share her vagina  
She said, she said  
Then we jumped in her car  
Went real far  
After the pizza  
With Wendy and Lisa  
She said, she said  
Asked about Prince  
I left my fingerprints  
She said, she said  
Then I jumped in the car  
Go real far  
Jumped in the car  
Go real far  
She said, she said  
Now I start fucking with drugs  
I got Muggs  
She said, she said  
Then we jump in the car  
And go real far  
She was just showin' me tanks  
Robbin' banks  
A new inflation bring migration  
If you want to be boy  
Don't send a decoy  
She said, she said  
Tricky and Kioka:  
Wait 'til dark comes  
Don't play with guns  
And kill the toys  
Don't play with boys  
Tricky:  
She said, she said  
Let's go stress  
Then touch my breasts  
It's all yours  
We finish tours  
She said, she said  
Then we jumped in the car  
Went real far  
Jumped in the car  
Went real far  
She said, she said  
Now I'm on the run  
Always weighs a ton  
She said, she said  
Dark brown eyes  
'You wanna stroll with' eyes  
She said, she said  
Takes lots of patience  
Then I lost my patience  
Acting like an actress  
Killed her on the mattress  
She's dead, she's dead

She's dead, she's dead  
Then I jumped in my car  
Went real far  
Jumped in my car  
Went real far  
Jumped in my car  
Went real far  
She's dead, she's dead
