

# Tricky, Silly Games (feat. Tirzah)

I've been wanting you for so long  
Oh, baby  
Every time ...

...  
But I will heart inside

And every time you need  
We play hide and seek  
I wonder what I should do  
Should I come to you  
And say how do you do  
When you tell me away

There's no much to blame  
That you not feel the same  
I can see it in your eyes  
But I've got me time  
To leaf behind  
But I've got me time  
To play your silly games
