so where I go
Where do I go
I didn't die young
Not night my cold
My friends is a psycho
So I milko lie low

so where I go
Where do I go
Find a trips
She's when in icon
so where I go
Where do I go
when we die
then we law

how can you
so much say
thorn apart
Faded to grain
Is it like the dream or heaven's you here like a dream

where did she go
where did she going
why did you leave
what do you need /2x
What do you see
what do you seen
I think of you always my day

so where do we go
where do we going
Won't we die
Then we lay

how can you
so much say
thorn apart
Faded to grain
Is it like the dream or heaven's you here like a dream
