

Tricky, Yoga

Tricky:

She's the one makes me feel these ways
He's the one needs some raise/ways
Can't stand to feel
Hate to feel
Gone insane
Highjack a plane
Don't push me 'cause I'm close to the edge
Trying hard not to lose my head
Can't hardly breathe
I've been and seen
She hides my ventolin
Can't hardly breathe [x3]

Martina :

(I'm the one), I'm the one
(Who hides his medicine), Who hides his medicine
(Watch him stop breathing), Watch him stop breathe
(Watch him bleed), Watch him bleed
(I right the wrongs and take his songs), I right the wrongs and take
his song
(And we'll all live happily ever after), And we'll all live happy ever
after
(Can't hardly breathe), Can't hardly breathe [x3]
And we all seem together now
Can't hardly breathe ...
