

# Triinu Kivilaan, Black bird

Summer night in Skyway City  
Theres no rest theres no sleep  
My life is such a mystery scares me  
Neon lights and strange people  
No one who cares for me  
Searching for a place to hide hear me

REFREN:

Black bird fly guide me through the night  
Black bird fly take me from this dream  
Black bird fly on the rays of light  
Fly black bird fly  
I can feel (your) wings of magic tension fills the air  
Cause I know youre my destiny black bird  
7 days and no rescue your eyes (are) watching me  
Am I lost which way leads me out of here

REFREN:

Black bird fly guide me through the night  
Black bird fly take me from this dream  
Black bird fly on the rays of light  
Fly black bird fly  
Bird of fate where are you don't you hear me now  
I must get out cant find the way  
Through the wind and rain
