

Trijntje Oosterhuis, Dont Say You Love Me

you left a message on the table
kept it hanging on my wall
another day two weeks later
I've been waiting for your call
I'm scared to love again
afraid that it might end
but the thought of you just won't let go

(chorus)
don't say that you love me
it's too soon to know for sure
don't say the words and leave me
'cause my heart will ask for more
don't you say that you need me
cause my heart will not endure
just say it when you're ready
and I will only love you more

As we leave the world behind us
tryin to find each others eyes
I see you blush and we don't talk much
and you're shy to my surprise
your kisses soon will find me
and I'm about to fall into you
in love with you this day

(chorus)
don't say that you love me
it's too soon to know for sure
don't say the words and leave me
'cause my heart will ask for more
don't you say that you need me
cause my heart will not endure
just say it when you're ready
and I will only love you more

don't tell me that you love me
until you know for sure

don't say it now
only words won't show me how
if i take this chance to love again
don't take my heart and give it back again
ohoooooooooooo
don't say you love me
(don't say that you love me
it's too soon to know for sure)
don't you say
(don't you say the words and leave me
'cause my heart will ask for more)
my heart will ask for more
(don't say that you need me
'cause my heart will not endure)
I will love you more
(just say it when you're ready
and i will only love you more)
don't tell m
