

# Trnqvist Rebecka, Do You Mind

(Trnqvist/Svenre)

Baby, do you mind, may I come in  
I'll be only a minute, yes please, I'll have some gin  
Baby, do you mind, may I sit down?  
Sure there's a reason, for me coming around  
I just wanna get a clue, why I was so hung up on you,  
Baby, do you mind  
Baby, do you mind, This won't take long  
You see I'm trying to figure out where we went wrong  
I just wanna see what made me fall,  
well I don't understand, if this was all  
you had to give of charms and looks,  
I should have stayed home with my books,  
Baby, do you mind  
solo  
Baby, do you mind, no I can't stay  
I made a big mistake, but that's o.k.  
I guess I hoped to find the core,  
of why failed, but Baby here's the score:  
The only thing I came to find is that love can really make you blind,  
Baby, do you mind  
The only thing I came to find is that love can really make you blind,  
Baby, do you mind  
The only thing I came to find is that love can really make you blind,  
Baby, do you mind  
Baby, do you mind me saying so...
