

# TRUSTcompany, The Fear

Standing here.  
I'm cold inside with fear  
And I can't feel my soul.  
Take me in.  
I'm yours again for awhile-  
Just like the last time...

-Chorus-  
Lead me from the fear  
And I won't leave you here.  
There's a way out  
There's a way out  
There's a way from here believe.  
Lead me from the fear  
And I won't leave you here.  
There's a way out  
There's a way out  
There's a way from here believe.

I feel weak.  
And I'm slowly losing touch  
With what is left in me.  
Take me in.  
I'm yours again for awhile  
Just like the first time.

-Chorus-  
And I need you  
To keep me here.  
I'm starting over again.  
And I need you  
To keep me here.  
I'm starting over again...  
Lead me from the fear  
And I won't leave you here.  
There's a way out  
There's a way out  
There's a way from here... believe.

Lead me from the fear  
And I won't leave you here.  
There's a way out  
There's a way out  
There's a way from here... believe.

There's a way out  
There's a way out  
There's a way from here... believe.

There's a way out  
There's a way out  
There's a way from here... believe.
