

# Tune, Trendy Girl

She's so fabulous  
Looks like a movie star  
A twinge of jealousy  
It's her philosophy  
A big night on the town  
Let's make our bodies sway  
I bet she's never turned away

My trendy girl...

She's out of my league  
Crown princess in the mall  
Another fancy dress  
To vent her bitterness  
She's stressed, depressed, well-dressed  
Nobody's got to know  
Welcome to the fashion show

My trendy girl...

She smiles to hide away her flaws  
Pretentiousness takes control  
Rose-tinted glasses  
Keep her going  
On and on  
And on...
