

# Turbo, Berud's Sword

## Berud's Sword

The fierce dragon is dripping with blood  
The last blow is struck, the very last of the battle  
The dragon's head comes tumbling down  
And Berud's sword shines on like magic  
This is the end of the Black Space King  
Let's go and see his defeat at the battle  
His bloody head, let's see him dead  
And Berud's sword shines on like magic
