

Turbonegro, Ride With Us

Are you ready -
Are you ready -
Are you ready -
Tonight we ride -

OK -

All you service sector discontenters -
Ride with us -
All you voiceless fuckers and system suckers -
Ride with us -
You wanna see the seas of flames -
Ride with us -
You wanna see the seas of blood -
Ride with us on and on and on and on and on -

Ride with us -
On and on and on and on -

We're on a mission to destroy -
We're on a mission to destroy -

OK -

In the denim buggies across the dunes -
Ride with us -
Scratch the crack and smell the fumes, dude -
Ride with us -
If you wanna kill for inner peace -
Just do it -
If you wanna slay the bourgeois beast -
Ride with us -

Ride with us -
On and on and on and on -

We're on a mission to destroy -
We're on a mission to destroy -

Ride on -
On and on and on and on -
