

TWENTY ONE PILOTS, Christmas Saves The Year

Snow falls down from the gray sky
Ashes fall in the sea
Plans are thrown to the wayside
Frozen days of the week

But everybody wants to make it home this year
Even if the world is crumbling down
Cause everybody's got somebody
Who's got their name on a shelf
With cheap decor and flavored cheer
You rest assured
Christmas saves the year

Dust off old photos boxes
This one's marked 92'
Year past seemed so much grander
This one needs to come through

Cause everybody wants to make it home this year
Even if the world is crumbling down
Cause everybody's got somebody
Who's got their name on a shelf
With cheap decor and flavored cheer
You rest assured
Christmas saves the year
