## [Hook 2x's]

[Twista]
Leave the gateway open so I can dip through the back
Smokin' ?? they got in a pack
Tippin' from all the hypes that's pullin' up on bikes
What the hell am I doin' out here servin' with two strikes
Niggaz don't know I'm trainin' to be a track star
(Whoop, Whoop - Errrrr!) Put yo hands on the car
You must be one of them tight big niggaz that's old
But I'm from the bigger number with the rhythm and roll
I hit blocks, dip cops
Kept the knot, dropped the glock, ended up on Wilcox

It don't even matter now cause I done throwed them rocks
Went through a house that I don't know like I was Goldie Locks
I broke a sweat
Now I'm smokin' dro in a Lac
I'm throwin' a pack
Shit, I ain't never goin' back
If I happen to go to jail, niggaz better tryin'
I make a getaway cleverly and never see time cause I'll RUN

[Hook]
