Twisted Sister, Under The Blade

UNDER THE BLADE

A glint of steel, a flash of light You know you're not going home tonight Be it jack or switch, doctor's or mind Nowhere to run, everywhere you'll find You can't escape from the bed you've made When your time has come, You'll accept the blade!

You're cornered in the alley way
You know you're not alone
You know it's gonna end this way
The chill goes to the bone
Now here it comes that glistening light
It goes into your side
The blackness comes, tonight's the night
The blade is gonna ride

'Cause you're under the blade, Oh --You're under the blade.

It's not another party head
This time you cannot rise
Your hands are tied, your legs are strapped
A light shines in your eyes
You faintly see a razor's edge
You open your mouth to cry
You know you can't, it's over now
The blade is gonna ride

'Cause you're under the blade Oh You're under the blade

A glint of steel, a flash of light You know you're not going home tonight Be it jack or switch, doctor's or mind Nowhere to run, anywhere you'll find You can't escape from the bed you've made When your time has come, You'll accept the blade!

You've tried to make it to the front
You're pinned against the side
A monster stands before you now
Its mouth is open wide
The lights go on, the night explodes
It tears into your mind
When the night does end, you'll come again,
The blade is gonna ride

'Cause you're under the blade Oh Under the blade

Here it comes, baby ... Oww.
