

# TXT, Back For More

I can see you comin' back for more  
Comin' back for more, ayy  
If you walk out that door

When I'm with you, it all feels different  
When I'm with you, it all makes sense  
And I know you don't feel no different  
Woah-oooh  
There's a magic to how we livin'  
There's a magic to what this is  
It's like a dream and we both day-trippin'  
Woah-oooh

All I know is if you walk away  
There'll be something  
There'll be things you can't replace  
All I know is if you walk away  
There'll be something  
Baby, that's okay, 'cause

I can see you comin' back for more  
Comin' back for more (Yeah)  
If you walk out that door  
I can see you comin' back for more (Can you?)  
Comin' back for more (Yeah)  
If you walk out that door

When I'm with you, it all feels different  
There's no logic to what we say  
But we talk and talk the night away  
Oh-oh  
We don't got none of the issues that people got  
Keep it on some of the same waves we keepin' on  
None of that stuff to make you dependent on  
Ooh

All I know is if you walk away  
There'll be something  
Baby, that's okay, 'cause

I can see you comin' back for more  
Comin' back for more  
If you walk out that door  
I can see you comin' back for more (Baby)  
Comin' back for more (Yeah)  
If you walk out that door

When I'm with you, it all feels different  
When I'm with you, when I'm with you (Yeah)  
I can see you comin' back for more  
Comin' back for more  
If you walk out that—

Oh-oh  
Oh  
Ah, ta-da-da, ah  
Ooh  
Ah, ta-da-da, ah  
If you walk out the door  
Ooh-oooh  
Ow  
When I'm with you, when I'm with you (Come on)

I can see you comin' back for more (Comin' back for more)

Comin' back for more (Ooh-oo)  
If you walk out that door (Door)  
I can see you comin' back for more (Ah)  
Comin' back for more (Yeah)  
If you walk out that
