

# TXT, LOSER=LOVER

I am a loser  
I am a loser

In a car colored grey  
I am running away  
Beyond this fucked up world  
My hand clutching yours  
It's all banged up  
It doesn't matter when i am with you

Couldn't win  
Fighting  
Bleeding  
Losing  
And now i am sick of it  
If i can't have it  
I fuckeing keep it low  
Crying /3x  
Forget it now  
Love you /3x  
No matter what i do  
I say: RUN  
laugh like you've gone mad  
Goodbye to tears, time to say  
RUN – never look back  
In my 2 hands, hunnit bands

I am a loser  
I am a loser  
I am a loser  
Lover with a dolar sign  
Is a loser  
I am a lover  
I am a lover  
Lover with a dolar sign  
Is a loser

This life like a war  
I am always the loser  
You were my savior  
No doubt /3x  
On the edge od the Cliff  
Your light leads me  
Making me a winner  
So right /3x

From the bottom  
crawling  
Fighting  
Bleeding  
Losing  
And now i am sick of it  
Refuse, then i fucking take it all  
Crying /3x  
Forget it now  
Love you /3x

No matter what i do  
I say: RUN  
laugh like you've gone mad  
Goodbye to tears, time to say  
RUN – never look back  
In my 2 hands, hunnit bands

I am a loser  
I am a loser  
I am a loser  
Lover with a dolar sign  
Is a loser  
I am a lover  
I am a lover  
Lover with a dolar sign  
Is a loser

Jump from this highway wings spread and broken  
Flyin' to forever can't help falling  
With you even a fal lis beautiful  
With you even a dal lis beautiful  
I gladly sink to te other side of the sky  
Just hope we can embrance by the end of my clumsy flight  
I don't care if everyone laughs  
I want to sink into your ocean

No matter what i do  
I say: RUN  
laugh like you've gone mad  
Goodbye to tears, time to say  
RUN – never look back  
In my 2 hands, hunnit bands

I am a loser  
I am a loser  
I am a loser  
Lover with a dolar sign  
Is a loser  
I am a lover  
I am a lover  
Lover with a dolar sign  
Is a loser
