Tyler Hilton, I Believe We Can Do It

Sun goes down on another day Had one too many but I feel O.K. Put me to bed, baby there I'll stay Dreamin

Come to my bed, I'll show you my love Don't try to leave, I won't cry at all I'll hold your hand, baby I'll stand tall Cause I love you

(Chorus)
I believe in my good times
I believe in my music
I believe in what we can achieve
I believe we can do it

Show me a lover and I'll write you a song Say that this love is a game come on and play along This feels so right how can it be wrong? It's the moment

(Chorus)

This feels so right how can it be wrong It's the moment

(Chorus) 2 times
