

Tyler, The Creator, Hey You (& Toro Y Moi)

Hey, yo!

Looking good in that skirt
Flirting is the effect, the way that this works
Bingo show how about we go
Down to the lake and eat a couple of pringles
Pick me ride away, hey I'm single
Pardon my bad memories I throw from widow
Intentions were, my intentions were wider than the summer
Reflection in the lake being seen by Stevie
Your golden lady and the scen i mean it
Hey yo, you're supposed to be the ___
But who would have thought this conversation would have grew
Actually we're talking about ___ the true!
I'm turning to a creep, I just won't sleep
That's because I'm used to that kind of cool
See, I'm the new shit in town
Let's match together and make me ___
How that sound?

Hey, shit, it sounds cool to me
It sounds cool to me
Oh it sounds cool to me
It sounds cool to me!
It sounds cool to me!
It sounds cool to me!
God, that shit sounds cool to me!
Shit sounds good to me!
