

Tyr, Ragnarok

Tgn, gomul sgn, forminnis ml
Hevnd og hatur nevnd vundar bl
vllum vónin hon doyr
Htt for heljar grind garmurin goyr
Vindld, Vargld er komin
Skeggld, sklmld brtt farin er
Ber fram herkli merkt av mongun stri
Brynju og blankan brand og fram vllin r
Komi hvað koma m, lat so fara alt
Leingi eg henda dag huga havi fjalt
Revenge returns to us, this returns to me
We are bound to battle for eternity
The wolf restrained in chains, draping in the deep I see
This war will throw us corpses in a heap
With heavy hearts we head, on towards the end
I've done all I can, never will I bend
Battle clad we ride, over barren land
Nothing matters on the battlefield we stand
And I heard my unborn children's Requiem
I saw carved upon a stone my epitaph
Sometimes it seems to me there is nothing left between
Me and eternity
Again
With heavy hearts we head on towards the end
I've done all I can, never will I bend
Battle clad we ride, for we have to try
Nothing matters on the battlefield we lie
All will rise again for a better day
Earth green with waterfalls where eagles hunt their prey
Gather our kin against reminiscing times
All seemed at peace all thought that evil died but then the
Dragon with fallen in it's
Feathers entered the world again
