

U.D.O., Azrael

Long ago - in another life
I was innocent - just a child
Transformed my brain into an evil thing
Now i'm a creature of the night

I'm a shadow in the darkness and i'm watching you
Though you can't see me i am always at your side
When i'm on your heels - you see how it feels
To sense the curse of azrael

In the night - i'll come to you
Your life belongs to me
I wake you up - you stare at me
I'm the last thing that you'll ever see

The panic in your eyes that i have hungered for
Shows me you have realised the truth
Death comes to the dying - and before your eyes grow dim
The last word on your lips is azrael

I will destroy your dreams
I will destroy your mind
I will destroy your soul
And then i'll take your life

Sometimes i remember the life i had before
I asked myself was it just a dream
When i close my eyes i see an ocean flowing blood
And in my sleep i hear those fearful screams

So lock your doors - remove the keys
I doesn't matter if you leave or stay
Wherever you go i'll be expecting you
Your resistance is the spice that i crave

When you imagine there's a movement in the shadows
The light around you is weakens more and more
Prepare for the arrival of the uninvited guest
The angel of the darkness - azrael

I will destroy your dreams
I will destroy your mind
I will destroy your soul
And then i'll take your life, ...
