

# U2, A Different Kind Of Blue

Those cars  
On you  
So small  
Down there  
From here  
So high  
We drift  
We fly  
Twilight breaks through  
A different kind of blue  
More lights  
Blue signs  
All gold  
All new  
So small  
So high  
Down there  
Tonight  
With twilight breaking through  
It's a different kind of blue  
Twilight breaking through  
It's a different kind of blue
