

# U2, Boy Girl

Boy-girl, boy-girl  
When a boy meets a girl  
Boy-girl  
Finding out  
I'm finding out the things  
That I've been talking about  
I'm finding all the things  
That I've been missing out  
Finding all the things  
I lose my mind  
Sometimes fall behind  
You and I we live on the big ship  
And time goes by  
You make up and I believe a lady's lie  
The skinheads call it strawberries and cream  
Sometimes I scream  
Boy-girl, boy-girl  
When a boy meets a girl  
Boy-girl  
We go out  
A picture or a disco or a roundabout  
I walk you home, I hold you there  
You're giving out  
I open doors so I can shut your face  
Know your place  
Boy-girl, boy-girl  
When a boy meets a girl  
Boy-girl  
You can take me in your hand  
Stand back, leave me, come in  
Up and down and all around  
You will sideways to the ground  
Boy-girl, boy-girl  
When a boy meets a girl  
[Repeat until end]
